INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

This document contains statements which are, or may be deemed to be, “**forward-looking statements**” which are prospective in nature. All statements other than statements of historical fact are forward-looking statements. They are based on current expectations and projections about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “**plans**”, “**expects**”, “**is expected**”, “**is subject to**”, “**budget**”, “**scheduled**”, “**estimates**”, “**forecasts**”, “**intends**”, “**anticipates**”, “**believes**”, “**targets**”, “**aims**”, “**projects**” or words or terms of similar substance or the negative thereof, as well as variations of such words and phrases or statements that certain actions, events or results “**may**”, “**could**”, “**should**”, “**would**”, “**might**” or “**will**” be taken, occur or be achieved. Such statements are qualified in their entirety by the inherent risks and uncertainties surrounding future expectations. Forward-looking statements include statements relating to (a) future capital expenditures, expenses, revenues, earnings, economic performance, indebtedness, financial condition, dividend policy, losses and future prospects, (b) business and management strategies and the expansion and growth of the Company’s operations, and (c) the effects of global economic conditions on the Company’s business.

Such forward-looking statements involve known and unknown risks and uncertainties that could significantly affect expected results and are based on certain key assumptions. Many factors may cause actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Important factors that could cause actual results, performance or achievements of the Company to differ materially from the expectations of the Company include, among other things, general business and economic conditions globally, industry trends, competition, changes in government and other regulation and policy, including in relation to the environment, health and safety and taxation, labour relations and work stoppages, interest rates and currency fluctuations, changes in its business strategy, political and economic uncertainty and other factors discussed in Part II (*Risk Factors*) of this document. Such forward-looking statements should therefore be construed in light of such factors.

Neither the Company nor any of its directors, officers or advisers provides any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this document will actually occur. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as at the date hereof.

Nothing in this paragraph headed “*Information Regarding Forward-Looking Statements*” should be taken as limiting the working capital statement in paragraph 12 of Part IV (*Additional Information*) of this document.

Other than in accordance with its legal or regulatory obligations (including under the Listing Rules, MAR and the Disclosure Guidance and Transparency Rules), the Company is not under any obligation, and it expressly disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Dear Shareholder,

Proposed disposal of APAC IP

and

Notice of General Meeting

1 Introduction

On 22 March 2023, the Company announced that its direct subsidiary, DKH Retail Limited (the “**Seller**”) had entered into a conditional agreement with Cowell Fashion Co. Limited (the “**Buyer**” or “**Cowell**”) to dispose of certain intellectual property assets in certain Asian Pacific territories (the “**Proposed Disposal**”).

The Proposed Disposal constitutes a Class 1 transaction for the Company under the Listing Rules and Closing is therefore conditional, among other things, on shareholder approval.

In addition, the Company is proposing to change its articles of association to remove the borrowing limit contained therein.

Accordingly, a General Meeting at which Shareholders will be asked to approve the Proposed Disposal and the Articles Change is being convened at Unit 60, The Runnings, Cheltenham, Gloucestershire GL51 9NW on 30 May 2023 at 10 a.m.

The purpose of this document is to provide you with information on the Proposed Disposal, the Articles Changes, to explain the background to and reasons for the Proposed Disposal and why the Board believes the Proposed Disposal and the Articles Changes are in the best interests of Shareholders taken as a whole, and to recommend that you vote in favour of the Resolutions.

Your attention is drawn to the fact that the Proposed Disposal is conditional and dependent upon, among other things, the Disposal Resolution being passed at the General Meeting.

If the Disposal Resolution is not passed and the Proposed Disposal does not proceed:

- the Group will be unable to fund its short-term working capital needs; consequently

- the Board will be required to take immediate restructuring action and cease near-term investment;
- despite the restructuring action, the Group may not be considered a 'going concern' and may not receive a clean viability statement from its auditors; and
- as a result of the above, the Company and key trading companies in the Group could enter into administration or liquidation shortly thereafter, which could be as early as the next six months.

Shareholders are therefore asked to vote in favour of the Disposal Resolution at the General Meeting in order for the Proposed Disposal to proceed. The Directors believe that, in addition to alleviating the severe concerns regarding near-term liquidity, the completion of the Proposed Disposal will increase the strength of the Company's balance sheet and, together with other actions being taken, fund its ongoing working capital requirements.

The attention of Shareholders is drawn to paragraph 16 (*Importance of vote*) of this letter, which contains further details in relation to these matters.

The attention of Shareholders is also drawn to paragraph 13 (*Certain information not included in this document*) of this letter, which sets out details of information not included in this document and the reasons for the same.

2 **Background to and reasons for the Proposed Disposal**

Superdry has previously announced that, despite the underlying brand recovery, profits in the first half fell short of expectations, mainly due to the underperformance of its wholesale business. The Company traded well in November and December, with retail sales in February and March also showing significant year-on-year like-for-like growth. However, revenue and profit did not meet Superdry's expectations. This can partly be attributed to factors outside the Company's control, including the cost-of-living crisis having a significant impact on spending and footfall, and poor weather resulting in less demand for Superdry's new spring-summer collection. These trends are consistent across both the UK and Europe. While Superdry reorganised its team and its approach to support its wholesale partners, the uncertain outlook for the remainder of the year led it to moderate its profit expectations. Consequently, the Board has sought means of providing additional funding to increase the strength of the Company's balance sheet, boost liquidity, and fund its ongoing working capital requirements, including the implementation of a significant cost reduction programme.

On 4 May 2023, the Company announced that it had raised approximately £12 million through an underwritten placing and retail offer (the "**Equity Raise**").

In relation to the Proposed Disposal, Superdry previously announced its exit from the Chinese market, having agreed an amicable exit with its former partner in 2020 after material losses were incurred, and has no plans to re-enter the market itself in the foreseeable future. Despite its continued presence in other APAC territories, significant further investment would be required to rebuild the Company's scale and volumes across territories in the region, particularly in China, and the Company believes this is more likely to be successfully delivered through a third-party partner.

Superdry believes that the Proposed Disposal will provide the best opportunities for the future growth of the Superdry brand in the APAC region and allow the Company to focus on growing its brand and increasing sales in its more established territories.

Cowell is an experienced local operator within the APAC region and has been listed on the South Korean stock exchange since April 2015. Cowell's operations focus on licensing and manufacturing apparel products for established global brands across product areas including underwear, sportswear and accessories, and they are ideally positioned to

appreciate and maximise Superdry's potential across the region.

Superdry plans to build a collaborative partnership with Cowell, capitalising on the shift in consumer preferences in Asia towards lifestyle product, by working with Cowell to design and develop market-relevant product which remains consistent with the Superdry brand heritage.

The carrying value of the gross assets that are the subject of the Proposed Disposal is estimated to be nil.

3 **Information on the Proposed Disposal**

For the financial year to 30 April 2022, the APAC IP generated approximately 1.2% of total Group sales and contributed revenue of £7.4 million (Group: £609.6 million) and profit before tax of approximately £2.5 million before central cost allocation (Group profit before tax: £17.9 million). For the financial year to 24 April 2021, the APAC IP generated approximately 1.9% of total Group Sales and contributed revenue of £10.7 million (Group: £556.1 million) and profit before tax of approximately £3.2 million before central cost allocation (Group loss before tax: £36.7 million). For the financial year to 25 April 2020, the APAC IP generated approximately 2.0% of total Group Sales and contributed revenue of £14.3 million (Group: £704.4 million) and profit before tax of approximately £2.7 million before central cost allocation (Group loss before tax: £166.9 million). All of these figures relating to the Group are audited and all of the figures relating to the APAC IP are unaudited and are revenues and profits indirectly generated by the APAC IP rather than financial information attributable to the APAC IP.

The Company has not included pro forma financial information relating to the APAC IP in this document as no historical financial information in relation to the APAC IP is being included in the circular (per paragraph 13 of this letter below).

4 **Summary of terms of the Proposed Disposal**

The consideration for the Proposed Disposal comprises an upfront fee of US\$50 million, payable in cash.

The Sale Agreement means Cowell will own and use the Superdry brand in key APAC markets, starting with its home market of South Korea and extending to others, including China, with Superdry and Cowell working together to develop products relevant for those markets.

The Seller will provide certain support and know-how of the Superdry brand to the Buyer during the first two years following completion of the Proposed Disposal. In consideration of these services, an additional management fee of US\$1.0 million, comprising two payments of US\$500,000 each, is also payable, in cash, directly to the Seller, with the first instalment being payable on completion of the Proposed Disposal, and the second instalment being payable on the first anniversary of completion of the Proposed Disposal.

The Proposed Disposal comprises the assignment of all of Superdry's IP assets in the APAC region, but excluding India, Bangladesh, Pakistan, Sri Lanka, Australia and New Zealand where Superdry will retain its IP rights. Superdry will also retain all its IP rights outside of the APAC region. The Proposed Disposal constitutes the permanent transfer of the relevant IP assets, subject to Superdry having a right of first refusal to buy back the IP assets if Cowell wishes to sell or otherwise dispose of any such IP, or if Cowell wishes to allow any IP registrations to lapse. The Sale Agreement includes provisions to support long-term collaboration between the parties including provisions relating to: the ownership and use of new designs; the Seller facilitating introductions for the Buyer to third parties in APAC; both parties' engagement in meetings to facilitate cooperation between their respective creative and production teams; the Buyer's compliance with Superdry brand guidelines; the inclusion of restrictive covenants which are customary in IP 'co-existence'

arrangements; and the maintenance and enforcement of IP.

In addition, the Sale Agreement includes provisions granting the Seller a perpetual, irrevocable, and sub-licensable licence to enable Superdry to continue manufacturing (or engaging third parties to manufacture) goods in the APAC region. It will also allow Superdry to fulfil its obligations and contracts with its existing long-standing wholesale relationships in the region until their expiry, enabling the Buyer to focus its initial attention on developing the Superdry brand and presence in its home market of South Korea.

The Sale Agreement contemplates the intention of the Buyer and the Seller to enter into an ancillary arrangement under which the Seller may purchase, and the Buyer may supply, certain finished products. Any such arrangement is subject to both parties agreeing terms on sustainability, quality and pricing and concluding a formal manufacturing and supply agreement.

Closing is conditional upon:

- the passing of the Disposal Resolution without amendment at a general meeting of the Company;
- approval to the Proposed Disposal having been obtained from the Company's existing lender;
- the Buyer and the Seller having entered into an escrow agreement with JPMorgan Chase Bank, N.A. (the "**Escrow Agent**"); and
- the Buyer having paid 90% of the consideration into the bank account operated by the Escrow Agent,

(together, the "**Conditions**") in each case by no later than the Long Stop Date. As at the date of this document, all of the Conditions have been satisfied except for the passing of the Disposal Resolution without amendment at a general meeting of the Company.

Further details of the Proposed Disposal are set out in Part III (*Summary of the Principal Terms and Conditions of the Proposed Disposal*) of this document.

5 **Use of proceeds and financial effects of the Proposed Disposal**

On Closing, Superdry expects to receive total proceeds from the Proposed Disposal of approximately £34 million, net of transaction costs and taxation. The net proceeds from the Proposed Disposal will be used:

- for general working capital purposes including creditors and inventory management ahead of the peak seasonal sales (estimated net proceeds of approximately £19 million);
- to repay the additional extension of Bantry Bay's borrowing facility, announced on 25 April 2023 (estimated net proceeds of approximately £10 million); and
- for organisational Head Office restructuring and retail stores estate optimisation, including exiting unfavourable leases and reducing lease obligations (both of which are pending conversations with landlords) (estimated net proceeds of approximately £5 million).

Following Closing, the Company will continue to receive revenues that relate to the APAC IP until June 2024 as a result of the sub-licence granted to the Seller under the Sale Agreement. Those revenues and the associated costs are expected to be broadly in line with revenues and costs for the financial year ended 30 April 2022. Those revenues and costs will cease thereafter. Except for the receipt of the net proceeds from the Proposed Disposal, there are no other anticipated financial effects of the Proposed Disposal.

6 **Articles Change**

The Company's articles of association (the "**Existing Articles**") set out a borrowing limit (the "**Borrowing Limit**") such that the aggregate principal amount outstanding in respect of all borrowings by the Group (exclusive of any borrowings which are owed by one Group company to another and after deducting cash deposited) shall not, at any time, without an ordinary resolution of the Company, exceed a sum equal to the higher of £50,000,000 or two times the adjusted total of capital and reserves (as the same is defined in the Existing Articles).

The Directors consider that the Borrowing Limit is unnecessarily restrictive and out of line with market practice and therefore propose the deletion of the relevant article in the Existing Articles (the "**Articles Change**").

Accordingly, the Articles Change Resolution will be proposed at the General Meeting, as described in the Notice of General Meeting set out at the end of this document to approve the Articles Change.

If the Articles Change Resolution is passed, the Company will be able to borrow sums in excess of the Borrowing Limit, which will give the Company additional flexibility as it seeks to manage its capital structure.

7 **Current trading and prospects**

The Company released a trading update on 14 April 2023, which included the following information on current trading and outlook,

"Retail sales in February and March, whilst showing significant year-on-year like-for-like growth, have not met our expectations. This can partly be attributed to factors outside the Company's control, including the cost-of-living crisis having a significant impact on spending and footfall, and poor weather resulting in less demand for our new spring-summer collection. These trends are consistent across both the UK and Europe. Wholesale performance continues to lag the rest of the group, although we are making progress in working with our partners to support their recovery.

These factors have impacted the Company's revenue performance, which is now expected to be between £615m and £635m for the full year. The increasing amount of uncertainty arising from the final weeks of trading and the actions associated with the reorganisation of our Wholesale division make the assessment of full year profit challenging. Therefore, the Board has taken the decision to withdraw the previously issued guidance of broadly breakeven for our FY23 adjusted profit before tax."

The Company has not included in this document the most significant recent trends in production, sales and inventory, and costs and selling prices since the end of the financial year to the date of this document in relation to the APAC IP as:

- the Proposed Disposal is solely of IP assets and not of any of the other assets, company, production arrangements, customer relationships or employees that are necessary to produce revenue in the relevant jurisdictions; and
- the Company has provided the information that is relevant to Shareholders in paragraph 5 above (*Use of proceeds and financial effects of the Proposed Disposal*).

8 **Explanatory statement**

On 27 January 2023, the Company released the 2023 Half Year Financial Statements, which included the following statement:

“Whilst we did trade well through November and December, the outlook for the remainder of the year is uncertain and as a result, we are moderating our profit outlook to broadly breakeven.”

The above statement constitutes a profit estimate for the purposes of the Listing Rules (the “**Profit Estimate**”). However, the Profit Estimate is no longer valid, does not reflect the Directors’ view of the future financial performance of the Company, and should not be construed or relied upon as financial guidance.

The Profit Estimate is no longer valid as changes have occurred since the date the Profit Estimate was made which were not taken into account in the Profit Estimate and mean that the actual profits or losses of the Company will likely be materially different from those forecast. The principal reasons for the differences in the actual results of the Company from the Profit Estimate include the following:

- sales and margin shortfall compared with expectations during the last quarter of the year;
- an increasing amount of uncertainty arising from the final weeks of trading; and
- actions associated with the reorganisation of the Company’s Wholesale division.

The Directors do not consider that a reassessment of the Profit Estimate in this document is necessary for this document to contain all information necessary for Shareholders to make a properly informed decision in relation to voting on the Resolutions. This is because the principal reasons for recommending that Shareholders vote in favour of the Resolutions relate to the liquidity position of the Company rather than its profitability.

9 **Risk factors**

For a discussion of the risks and uncertainties which you should take into account when considering whether to vote in favour of the Disposal Resolution, please refer to Part II (*Risk Factors*) of this document.

10 **General Meeting**

A General Meeting is being convened at Unit 60, The Runnings, Cheltenham, Gloucestershire GL51 9NW on 30 May 2023 at 10 a.m. for the purpose of seeking Shareholder approval for the Resolutions.

The Disposal Resolution will be proposed as an ordinary resolution requiring a majority of votes in favour. The Articles Change Resolution will be proposed as a special resolution requiring a majority of not less than 75 per cent. of votes in favour for such resolution to be carried.

The Proposed Disposal will not become effective unless the Disposal Resolution is passed. The Articles Change will not become effective unless the Articles Change Resolution is passed.

11 **Interconditionality of Resolutions**

Neither Resolution is conditional upon the other Resolution being passed.

12 **Irrevocable undertakings**

The Company has received irrevocable undertakings from each of the Directors who are Shareholders to vote in favour of the Resolutions in respect of their own beneficial holdings, amounting to, in aggregate, 25,046,896 Ordinary Shares and representing approximately 25.58 per cent. of the total issued share capital of the Company as at the Latest Practicable Date.

Pursuant to Listing Rule 13.5.1R, a listed company seeking to dispose of an interest in a target which will result in the asset and liabilities which are the subject of the disposal no longer being consolidated must include in a class one circular financial information as set out in Listing Rule 13.5R.

Pursuant to Listing Rule 13.5.12R, a listed company that is required by Listing Rule 13.5.1R or Listing Rule 13.5.3B(1)R to produce financial information in a class 1 circular must include in the circular a financial information table. Pursuant to Listing Rule 13.5.30BR, in the case of a class 1 disposal, a financial information table must include for the target: (a) the last annual consolidated balance sheet; (b) the consolidated income statements for the last three years (drawn up to at least the level of profit or loss for the period) at the issuer's interim balance sheet date if the issuer has published interim financial statements since the publication of its last annual consolidated financial statement.

The foregoing information has not been included in this document on the basis that:

- the Proposed Disposal is solely of IP assets which have an estimated carrying value of approximately £nil and not of any of the other assets, company, production arrangements, customer relationships or employees that are necessary to produce revenue in the relevant jurisdictions;
- the carrying value of the APAC IP is estimated to approximate to £nil, meaning in effect they are not currently being consolidated and that there is no requirement for financial information to be included under Listing Rule 13.5.1R(2); and
- there are no relevant line entries relating to the IP assets from Superdry's audited consolidated income statement for the last three years that would allow the inclusion of historic financial information for the target pursuant to Listing Rule 13.5.30B.

The Company has, however, provided certain financial information in respect of the APAC IP in paragraph 3 (*Information on the Proposed Disposal*) of this letter. The Company considers that there is no other financial information available in relation to the APAC IP that the Company considers to be necessary for this document to contain all information necessary for Shareholders to make a properly informed decision in relation to voting on the Resolutions.

Under Listing Rule 13.5.3CR, a listed company that is entering into a class 1 transaction which falls within Listing Rule 13.5.1R, Listing Rule 13.5.3AR or Listing Rule 13.5.3BR but cannot comply with Listing Rule 13.5.3RB, must include an appropriate independent valuation of the target in the class 1 circular.

The Company has not included such a valuation in the circular on the basis that it would not provide useful information for Shareholders in connection with the Proposed Disposal, in particular because:

- the APAC IP has an estimated carrying value of £nil;
- given the above, the value of the APAC IP to the Company is not relevant given that the Company has agreed to sell the APAC IP for consideration of US\$50 million; and
- the principal reason for recommending that Shareholders approve the Proposed Disposal is the Company's immediate liquidity needs, which are unchanged by a valuation.

14 **Further Information**

The expected timetable of principal events for the Proposed Disposal is set out on page 2 of this document. Further information regarding the terms of the Proposed Disposal is set out in Part III (*Summary of the Principal Terms and Conditions of the Proposed Disposal*) of this document.

Shareholders are advised to read the whole of this document (including any information incorporated by reference in this document) and not merely rely on the summarised information set out in this letter.

15 **Action to be taken**

Please vote on the Resolutions. If you cannot attend and vote at the General Meeting in person, please vote by proxy which you may do by post, through CREST or electronically.

You will find enclosed with this document a Form of Proxy for use at the General Meeting.

Whether or not you propose to attend the General Meeting in person, you are asked to complete the Form of Proxy in accordance with the instructions printed on it and return it to the Registrars, Computershare, so as to arrive as soon as possible, but in any event so as to be received by no later than 10 a.m. on 25 May 2023, being 48 hours before the time appointed for the holding of the General Meeting (excluding any part of a day that is not a working day).

Alternatively, you may use the electronic proxy appointment service, www.eproxyappointment.com as explained in the notes to the Notice of General Meeting.

CREST members may also choose to use the CREST electronic proxy appointment service in accordance with the procedures described in the notes to the Notice of General Meeting set out in Part VI (*Notice of General Meeting*) of this document.

Completion and return of the Form of Proxy (or the electronic appointment of a proxy) will not preclude you from attending and voting at the General Meeting in person if you so wish.

16 **Importance of vote**

Your attention is drawn again to the fact that the Proposed Disposal is conditional and dependent upon, among other things, the Disposal Resolution being passed at the General Meeting.

If the Disposal Resolution is not passed and the Proposed Disposal does not proceed:

- the Group will be unable to fund its short-term working capital needs; consequently
- the Board will be required to take immediate restructuring action and cease near-term investment;
- despite the restructuring action, the Group may not be considered a 'going concern' and may not receive a clean viability statement from its auditors.
- as a result of the above, the Company and key trading companies in the Group could enter into administration or liquidation shortly thereafter, which could be as early as the next six months.

Shareholders are therefore asked to vote in favour of the Disposal Resolution at the General Meeting in order for the Proposed Disposal to proceed. The Directors believe that, in addition to alleviating the severe concerns regarding near-term liquidity, the

completion of the Proposed Disposal will increase the strength of the Company's balance sheet and, together with other actions being taken, fund its ongoing working capital requirements.

If, however, the Disposal Resolution is not passed and the Proposed Disposal does not proceed, the Company will not receive the proposed net proceeds of the Proposed Disposal and will have an immediate liquidity shortfall and be unable to fund its short-term working capital needs. In accordance with the terms of the Bantry Bay Additional Liquidity Letter, the Company would need immediately to repay £10,000,000 of borrowings under the Facilities Agreement without having the proceeds from the Proposed Disposal to fund the same. In addition, the Company anticipates that it would first be in breach of the covenants under the Facilities Agreement in late June 2023, which would allow the Lender to demand repayment of the outstanding loans made thereunder (subject to, if the relevant breach relates to the liquidity covenant, a right to cure such breach by depositing funds into a collections account maintained under the Facilities Agreement within 5 business days of delivery of a notice to the Agent). At the lowest point in the working capital cycle in October 2023, the Company estimates that its liquidity shortfall would be approximately £24 million if the Facilities Agreement is available with a 25% cap and approximately £71 million if it is not available at all. In the event of an immediate liquidity shortfall, the Group would immediately put in place an action plan to mitigate the shortfall, which would involve:

- a hiring freeze and pay increase stop for all current employees, concurrent with an inability to pay short- and long-term incentives;
- no additional investment in stores and retail estate;
- no additional investment in brand, style, and trend development;
- deferral of rent and extension of credit payment terms on all payables beyond reasonable limits; and
- to the extent possible, seeking covenant waivers under its Facilities Agreement and/or renegotiating the same.

The Group would also immediately seek new sources of capital, most likely from second-lien lending and through a substantial equity raise that would be likely to be highly dilutive to Shareholders.

As a result of mitigating actions, the Company would likely experience:

- significant increase in staff turnover, inability to attract new staff, and poor employee morale;
- deteriorating stores, with inability to exit unfavourable lease contracts leading to additional unnecessary losses incurred;
- declining sales due to lack of new styles and inability to produce and sell to meet current trends;
- deterioration in trade relationships with suppliers and customers given stretched credit terms resulting in potential loss of suppliers and wholesale or trade customers; and
- increase borrowing costs.

Given the immediate working capital shortfall in the event the Proposed Disposal does not successfully complete, despite the Board and the boards of the relevant Group companies taking immediate restructuring action, the Company and key trading companies in the Group may enter into administration or liquidation in the near term, which could be as early as the next six months.

Consequently, the Group is exposed to significant liquidity risks over the near term in the absence of the proceeds of the Proposed Disposal which, without such proceeds, could result in the loss by Shareholders of all or part of their investment in the Company.

Accordingly, it is critical that Shareholders vote in favour of the Disposal Resolution, as the Board considers the Proposed Disposal represent the best

transaction possible for the Company, Shareholders and its stakeholders as a whole in the current circumstances.

17 **Recommendation**

The Board considers the terms of the Proposed Disposal and the Articles Change and the passing of the Resolutions to be in the best interests of Shareholders as a whole. Accordingly, the Board unanimously recommends that Shareholders vote in favour of the Resolutions as they have irrevocably undertaken to do in respect of their beneficial holdings of Ordinary Shares, amounting, in aggregate to 25,046,896 Ordinary Shares (representing approximately 25.58 per cent. of the total issued share capital of the Company as at the Latest Practicable Date).

Yours faithfully,

Peter Sjölander
Chair
for and on behalf of Superdry plc

PART II - RISK FACTORS

This Part II (Risk Factors) addresses the risks known to the Company and the Directors as at the date of this document to which the Company is exposed in connection with the Proposed Disposal, which could materially and adversely affect the business, results of operations, cash flow, financial condition, revenue, profits, assets, liquidity and/or capital resources of the Group, as appropriate. If certain risks materialise, the market price of Ordinary Shares could decline, and Shareholders may lose some or all of their investment.

The Company considers the risks disclosed below to be: (i) the material risks relating to the Proposed Disposal; (ii) the material new risks to the Group as a consequence of the Proposed Disposal; and (iii) the material risks for the Group which will be impacted by the Proposed Disposal.

Prior to voting on the Resolutions, Shareholders should carefully consider, together with all other information contained in this document, the specific risks and uncertainties described below. The risks described below are not set out in any order of priority, assumed or otherwise.

The risk factors set out in this document are those that are required to be disclosed under the Listing Rules and these should not be regarded as a complete and comprehensive statement of all material risks which generally affect the Group. Further information on the material risks which generally affect the Group are set out in the Company's 2022 Annual Report and Financial Statements. Additional risks and uncertainties currently unknown to the Company and the Directors, or which the Company and the Directors currently deem immaterial, may also have an adverse effect on the Retained Group's operating results, financial condition and prospects if they materialise.

The information given is as of the date of this document and, except as required by the FCA, the London Stock Exchange, the Listing Rules, the Prospectus Regulation Rules, MAR, the Disclosure Guidance and Transparency Rules or any other applicable law or regulation, will not be updated.

A Risks related to the Proposed Disposal

1 Damage to brand and reputation

Upon Closing, a third party will own and will be using the 'SUPERDRY' brand in the Asia Pacific Territories. While the Seller has agreed contractual protections to minimise the risk, damage could be done to the Group's branding and reputation worldwide by that third party through, among other things, failure to achieve brand consistency, poor designs and product quality and failure to protect intellectual property rights. Any such adverse effect on the Group's branding and reputation could have a material adverse effect on the Company's financial condition and results of operation.

If, as envisaged, Cowell manufacture and supply products to Superdry, Superdry will be exposed to risks as to quality of product, sustainability and ethical issues. While these risks are no different from any other manufacturing and supply agreement, if they materialise, they may also adversely affect Superdry's brand and reputation. Any such adverse effect on the Group's branding and reputation could have a material adverse effect on the Company's financial condition and results of operation.

2 Competition from Cowell

If, in breach of the Sale Agreement, Cowell uses the 'SUPERDRY' brand outside the Asia Pacific Territories, including through online marketing or websites offering shipping outside of the Asia Pacific Territories, that could have an adverse effect on Superdry's sales and profits. Any such adverse effect on sales and profits could have a material adverse effect on the Company's financial condition and results of operations.

3 **Warranties in the Sale Agreement**

The Sale Agreement contains warranties given by the Seller in favour of the Buyer, details of which are set out in Part III (*Summary of the Principal Terms and Conditions of the Proposed Disposal*) of this document. The Seller has undertaken due diligence to minimise the risk of liability under these provisions. However, any liability to make a payment arising from a successful claim by the Buyer under the warranties could have a material adverse effect on the Company's financial condition.

4 **Conditions to Proposed Disposal**

Closing is conditional upon, among other things, the passing of the Disposal Resolution. There can be no assurance that the Disposal Resolution will be passed and, accordingly, that Closing will take place. If Closing does not occur, any of the risks and uncertainties set out in Section B of this Part II (*Risk Factors*) in so far as they are a consequence of Closing not occurring may adversely affect the Group's business and results.

5 **Use of proceeds**

The net proceeds from the Proposed Disposal will be used to fund its ongoing working capital requirements and the implementation of a significant cost reduction programme. There is no guarantee that these steps will be as successful as anticipated. For example, the cost reduction programme may lead to larger losses in revenue than expected. Any such outcomes could have a material adverse effect on the Company's financial condition and results of operations.

B Risks related to the Proposed Disposal not proceeding

If the Proposed Disposal does not proceed, the following risks and uncertainties may affect the Group's business and results:

1 **Inability to realise value and working capital shortfall potentially leading to administration or liquidation if the Proposed Disposal does not complete**

If the Proposed Disposal does not complete or is delayed, the Company will not receive the proposed net proceeds of the Proposed Disposal and will have an immediate liquidity shortfall and be unable to fund its short-term working capital needs. In accordance with the terms of the Bantry Bay Additional Liquidity Letter, the Company would need immediately to repay £10,000,000 of borrowings under the Facilities Agreement without having the proceeds from the Proposed Disposal to fund the same. In addition, the Company anticipates that it would first be in breach of the covenants under the Facilities Agreement in late June 2023, which would allow the Lender to demand repayment of the outstanding loans made thereunder (subject to, if the relevant breach relates to the liquidity covenant, a right to cure such breach by depositing funds into a collections account maintained under the Facilities Agreement within 5 business days of delivery of a notice to the Agent). At the lowest point in the working capital cycle in October 2023, the Company estimates that its liquidity shortfall would be approximately £24 million if the Facilities Agreement is available with a 25% cap and approximately £71 million if it is not available at all. In the event of an immediate liquidity shortfall, the Group would immediately put in place an action plan to mitigate the shortfall, which would involve:

- a hiring freeze and pay increase stop for all current employees, concurrent with an inability to pay short- and long-term incentives;
- no additional investment in stores and retail estate;
- no additional investment in brand, style, and trend development;
- deferral of rent and extension of credit payment terms on all payables beyond reasonable limits; and
- to the extent possible, seeking covenant waivers under its Facilities Agreement and/or renegotiating the same.

The Group would also immediately seek new sources of capital, most likely from second-lien lending and through a substantial equity raise that would be likely to be highly dilutive to Shareholders

As a result of mitigating actions, the Company would likely experience:

- significant increase in staff turnover, inability to attract new staff, and poor employee morale,
- deteriorating stores, with inability to exit unfavourable lease contracts leading to additional unnecessary losses incurred,
- declining sales due to lack of new styles and inability to produce and sell to meet current trends
- deterioration in trade relationships with suppliers and customers given stretched credit terms resulting in potential loss of suppliers and wholesale or trade customers; and
- increase borrowing costs.

Given the immediate working capital shortfall in the event the Proposed Disposal does not successfully complete, despite the Board and the boards of the relevant Group companies taking immediate restructuring action, the Company and key trading companies in the Group may enter into administration or liquidation in the near term, which could be as early as the next six months.

Consequently, the Group is exposed to significant liquidity risks over the near term in the absence of the proceeds of the Proposed Disposal which, without such proceeds, could result in the loss by Shareholders of all or part of their investment in the Company.

2 There may be an adverse impact on the Group's reputation

If the Proposed Disposal does not complete, there may be an adverse impact on the reputation of the Company as a result of media scrutiny arising in connection with the attempted Proposed Disposal. Any such reputational risks could adversely affect the Group's business, financial condition and results of operation.

3 Potential inability to dispose of the APAC IP in the future in favourable or equivalent market circumstances

If Closing does not occur, there would be no assurance that the Company would be able to dispose of the APAC IP at a later date, in favourable or equivalent market circumstances.

C Risks related to the Retained Group

If the Proposed Disposal is completed, the following risks and uncertainties may result as a consequence:

1 The market price of the Ordinary Shares after completion of the Proposed Disposal may go down as well as up

Shareholders should be aware that the value of an investment in the Company may go down as well as up and can be highly volatile. The price at which the Ordinary Shares may be quoted and the price which investors may realise for their Ordinary Shares will be influenced by a large number of factors, some specific to the Retained Group and its operations and some which may affect events management companies as a whole, other comparable companies or publicly traded companies as a whole. The sentiments of the stock market regarding the Proposed Disposal will be one such factor and this, together with other factors including the actual or anticipated fluctuations in the financial performance of the Retained Group and its competitors, market fluctuations, and legislative or regulatory changes in the retail sector or generally those affecting consumers, could lead to the market price of Ordinary Shares going up or down.

2 **The Retained Group will not be permitted to develop its brand in the Asia Pacific Territories other than through the Cowell relationship**

The Retained Group will not be permitted to develop its brand in the Asia Pacific Territories other than through the Cowell relationship. As such, the Company will be reliant on its strategy of concentrating on developing its brand in its core European markets.

PART III - SUMMARY OF THE PRINCIPAL TERMS AND CONDITIONS OF THE PROPOSED DISPOSAL

Sale Agreement

1 Parties

The Sale Agreement was entered into on 21 March 2023 between the Buyer and the Seller.

2 Sale and purchase

2.1 The Seller has agreed to sell, and the Buyer has agreed to buy the APAC IP, subject to any existing encumbrances. The APAC IP consists of any intellectual property owned by the Seller and used exclusively in connection with the business of marketing and selling clothing and fashion accessories under the 'SUPERDRY' brand in the Asia Pacific Territories (as defined below) only. It excludes domain names or social media accounts where permission or consent to use domain names or social media accounts is given to any third party as is legally binding on the Seller (or any of its affiliates) prior to Closing.

2.2 The Asia Pacific Territories comprise:

- Afghanistan, Bhutan, Brunei, China (including Macau, but excluding Hong Kong), Cook Islands, Fiji, Guam, Kiribati, Kyrgyzstan, Laos, Maldives, Marshall Islands, Micronesia, Myanmar, Nepal, New Caledonia, Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, South Korea, Tajikistan, Timor-Leste, Tokelau, Tonga, Tuvalu and Vanuatu (the "**Tranche 1 Asia Pacific Territories**");
- Cambodia, Hong Kong, Indonesia, Kazakhstan, Malaysia, Mongolia, Philippines, Singapore, Taiwan, Thailand and Vietnam (the "**Tranche 2 Asia Pacific Territories**"); and
- Japan.

In relation to the Tranche 2 Asia Pacific Territories to the extent that there are any provisions within existing contractual commitments which prevent the Seller from assigning or otherwise transferring any of the APAC IP, then such APAC IP shall be excluded from the scope of the sale and purchase and shall not transfer. For the avoidance of doubt, this does not apply to the Tranche 1 Asia Pacific Territories or Japan.

3 Conditions

Closing is conditional upon:

- the passing of the Disposal Resolution without amendment at a general meeting of the Company;
- approval to the Proposed Disposal having been obtained from the Company's existing lender;
- the Buyer and the Seller having entered into an escrow agreement with JPMorgan Chase Bank, N.A. (the "**Escrow Agent**");
- the Buyer having paid 90% of the consideration into the bank account operated by the Escrow Agent,

in each case by no later than the Long Stop Date (together, the "**Conditions**").

4 **Consideration**

In consideration for the acquisition by the Buyer of the APAC IP, the Buyer shall pay to the Seller the sum of US\$50,000,000. 10% of such consideration was payable within 24 hours of Exchange (and has now been received) and is only refundable to the Buyer if the Conditions are not satisfied before 6.00 p.m. BST on the Long Stop Date. The balance of the consideration must be paid by the Buyer into an escrow account as soon as possible after Exchange and in any event within 30 days on terms that such amount must be released to the Seller immediately upon Closing. The balance of such consideration has now been paid into the escrow account.

5 **Management services and management fee**

The Seller agrees to provide the following services to the Buyer (for a time-limited period):

- making available within a reasonable period of any reasonable request any new branding or garment designs that it develops for implementation in the Retained Territories (each a “**RoW New Design**”);
- sharing of marketing and brand know-how;
- committing personnel employed by the Seller or any of its affiliates to work with the Buyer’s personnel to increase the collaboration between the parties, the scope and extent of such work to be agreed in writing by the Buyer and the Seller (acting reasonably) within 3 months of Exchange;
- incurring the expenses associated with any travel by any personnel employed by the Seller or any of its affiliates to the Asia Pacific Territories in order to collaborate with the Buyer.

In consideration for such services, the Buyer shall pay to the Seller the sum of US\$500,000 on Closing and a further US\$500,000 on the first anniversary of Closing.

6 **Licences-back**

With effect from Closing, the Buyer grants the Seller and its affiliates licences to use the APAC IP:

- in the Tranche 2 Asia Pacific Territories only for the purposes of complying with and performing its obligations under any existing contractual commitments (and receiving any benefit under such contracts);
- in the Asia Pacific Territories only for the purpose of offering for sale, selling and/or disposing of stock in trade and work in progress owned by the Seller/its affiliates immediately prior to Closing (“**Stock**”);
- perpetually and irrevocably, along with new branding or garment designs created by the Buyer which feature the APAC IP or which are otherwise intended to be marketed under or in conjunction with the ‘SUPERDRY’ brand in the Asia Pacific Territories (each an “**Asia-Pac New Design**”), for the purpose of:
 - manufacturing and/or having manufactured on its behalf goods within the Asia Pacific Territories;
 - exporting, and/or having exported on its behalf, goods from within the Asia Pacific Territories to any of country or territory that is not within the definition of Asia Pacific Territories (the “**Retained Territories**”); and
 - pursuing any intellectual property infringement claims within the Asia Pacific Territories.

7 **Stock run-off**

For a period of 12 months following Closing, the Seller is entitled to continue to market, offer for sale, sell and/or otherwise dispose of its Stock in the Asia Pacific Territories until the Stock is entirely depleted and retain the revenues it receives from the same.

8 **Collaboration**

The Sale Agreement records the intention of the Buyer and Seller to enter into a separate manufacturing and supply agreement (subject to contract), subject to the Buyer meeting the Seller's sustainability, quality and pricing requirements and further consideration of the parties' respective supply chains. It is contemplated that, among other things, such manufacturing and supply agreement will include terms documenting an aspirational (but not legally-binding) goal which reflects the Seller's desire to purchase and the Buyer's desire to supply products to a total value of US\$500,000,000 over a ten-year period (from 1 July 2024 to 30 June 2034). This is estimated to be approximately one-third of the Company's supply requirements over that ten-year period.

If the Buyer wishes to use the 'SUPERDRY' brand in Japan, the Sale Agreement notes that the Seller would be willing to arrange an introduction of the Buyer to Asahi and to facilitate subsequent discussions, with any arrangement to be documented in a written agreement (a "**Co-Existence Agreement**"). The Sale Agreement contains a number of provisions which seek to protect the Seller's relationship with Asahi including, for example, the requirements on the Buyer:

- not to make any offer to Asahi relating to the Buyer's use of the 'SUPERDRY' brand in Japan, nor propose or submit any draft Co-Existence Agreement to Asahi or conclude any Co-Existence Agreement with Asahi, in each case without the Seller's prior written approval; and
- to act in good faith and not, whether by act or omission, do or fail to do anything which might reasonably be considered detrimental to the Seller's existing relationship with Asahi.

The Buyer has agreed to indemnify the Seller against any breach of these provisions.

If the Buyer (or any of its affiliates) wishes to develop any Asia-Pac New Design, then in order to achieve brand consistency globally, this must be agreed and aligned with the Seller. The Sale Agreement sets out various mechanisms for doing that. The Buyer and its affiliates must also comply at all times with an agreed set of brand guidelines. The Buyer indemnifies the Seller against any breach of such brand guidelines.

If the Seller wishes to make use of any Asia-Pac New Design in the Retained Territories, the Seller must notify the Buyer in writing and, upon receipt of such notice, the Buyer shall grant to the Seller (and its affiliates) an exclusive, perpetual and irrevocable licence to use the Asia-Pac New Design in the Retained Territories subject to the Seller sharing the costs of such Asia-Pac New Design with the Buyer on a 50:50 basis.

Following the second anniversary of Closing, if the Buyer wishes to use a RoW New Design in the Asia Pacific Territories, the Buyer must notify the Seller in writing and upon receipt of such notice the Seller shall grant to the Buyer a non-exclusive licence to use the RoW New Design in the Asia Pacific Territories subject to the Buyer sharing the costs of such RoW New Design with the Seller on a 50:50 basis.

9 **Right of first refusal**

If the Buyer wishes to sell or otherwise dispose of any of the APAC IP or allow any registered IP in relation to the Asia Pacific Territories (the "**Registered IP**") to lapse, it must notify the Seller in writing and not make any disposal or allow any such lapse until it has received

confirmation in writing from the Seller that the Seller does not wish to acquire the relevant APAC IP or maintain the relevant Registered IP or, if later, the expiry of a purchase window of at least 60 days, during which, among other things, the Seller and the Buyer shall negotiate in good faith and act reasonably at all times in an attempt to agree an arm's length deal for the purchase of such APAC IP by the Seller on mutually acceptable terms. With regard to any lapse, the Buyer shall in the purchase window assign the Registered IP to the Seller for no consideration. The Buyer indemnifies the Seller against any breach of the right of first refusal.

10 **Restrictive covenants**

The Seller agrees that it and its affiliates will not operate under the 'SUPERDRY' brand within the Asia Pacific Territories. The Buyer agrees that it and its affiliates will not operate under the 'SUPERDRY' brand or use any of the APAC IP in the Retained Territories.

The Buyer agrees that neither it nor its affiliates may operate under the 'SUPERDRY' brand in Japan without first having agreed a Co-Existence agreement with Asahi and having obtained the Seller's prior written approval.

The Buyer also agrees further customary restrictive covenants to ensure that the Seller and its affiliates' intellectual property is protected in the Retained Territories.

The Buyer indemnifies the Seller against any breach of the restrictive covenants.

11 **Ongoing IP maintenance and enforcement**

The Buyer is required to take certain steps to maintain and enforce the APAC IP and indemnifies the Seller against any failure to do so.

12 **Warranties**

The Seller gives customary warranties to the Buyer, subject to customary limitations, on its ownership of the APAC IP, lack of third-party infringement and its capacity to enter into the transaction documents and the binding nature of its obligations under those documents.

The Buyer gives customary warranties regarding its capacity to enter into the transaction documents and the binding nature of its obligations under those documents.

13 **Governing law**

The Sale Agreement is governed by and construed in accordance with the laws of Singapore. The Buyer and the Seller agree that disputes shall be resolved by arbitration administered by the Singapore International Arbitration Centre (SIAC) in Singapore.

8.1.5 **Facilities Agreement**

The Company is party to an £80,000,000 revolving credit facility agreement originally dated 22 December 2022 (the “**Facility Agreement**”). The parties to the Facility Agreement are: (1) the Company; (2) certain affiliates of the Company as original borrowers (the “**Borrowers**”); (3) certain affiliates of the Company as original guarantors (the “**Guarantors**”) (the Borrowers and Guarantors, together the “**Obligors**”); (4) BB Funding (GBP) S.à r.l., acting exclusively in the name and on behalf of the Compartment No 1 as original lender (the “**Lender**”); (5) Bantry Bay Capital Limited as arranger (in such capacity the “**Arranger**”); (6) Bantry Bay Capital Limited as agent (in such capacity the “**Agent**”); and (7) Bantry Bay Capital Limited as security trustee (in such capacity the “**Security Trustee**”). The Arranger, the Agent, the Security Trustee and the Lender are together the “**Finance Parties**”)

The key terms of the Facility Agreement are set out below:

8.1.5.1 *Facility*

The facility made available by the Lender under the Facility Agreement (the “**Facility**”) consists of an asset-based lending and receivables purchase facility pursuant to which the Lender will from time to time:

- (i) purchase certain receivables owing by account debtors to the Obligors together with all connected rights, claims, deposits and payments, including those relating to any guarantees, indemnities or bonds; and
- (ii) make loans to the Borrowers.

The amount available to be drawn by the Borrowers under the Facility is calculated as the aggregate of:

- (iii) the lesser of (a) 85% of the value of certain eligible receivables owed to the Borrowers and (b) £80,000,000; plus
- (iv) the lesser of (a) 80% of the net value of certain eligible stock of the Borrowers and (b) £80,000,000,
less certain deductions.

The availability of the Facility is subject to a “**Headroom Block**” whereby the Borrowers are only entitled to draw 75% of such amount whilst the Headroom Block is in effect. The Headroom Block is removed from the point at which the Borrowers are able to certify that actual EBITDA (for the financial year ended 30 April 2023, the twelve-month period

ending 31 October 2023 or the financial year ending 30 April 2024) is at least 80% of forecast EBITDA for that period.

As at the Latest Practicable Date, the total amount drawn under the Facility Agreement was £53,000,000.

8.1.5.2 *Purpose*

Each Borrower is permitted to apply amounts borrowed under the Facility Agreement towards:

- (a) refinancing certain liabilities relating to its existing financial indebtedness (only for the first utilisation under the Facility Agreement);
- (b) paying fees, costs and expenses associated with the Facility; and
- (c) its general corporate and working capital purposes.

8.1.5.3 *Repayment*

Unless extended, the final repayment date for the Facility is 22 December 2025.

In respect of the eligible receivables purchased by the Lender under the Facility Agreement, the Borrower which is owed that receivable must repurchase the receivable from the Lender if full payment of the receivable has not been received by the Agent (on behalf of the Lender) within certain specified periods.

8.1.5.4 *Interest, purchase commission and fees*

In addition to customary fees and indemnities (i) interest is payable on the loans made under the Facility and (ii) a purchase commission is payable in respect of the receivables sold under the Facility Agreement at a rate which (in each case) is the aggregate of SONIA plus a margin of 7.5% per annum.

8.1.5.5 *Guarantees and security*

Each Guarantor irrevocably and unconditionally jointly and severally guarantees and indemnifies to each Finance Party (as such term is defined in the Facility Agreement) the punctual performance by each Obligor of its obligations under the Facility Agreement. The guarantee is subject to a limitation whereby it will not apply to the extent it would result in constituting unlawful financial assistance or contravene rules on fraudulent conveyances or transfers within the laws of the jurisdiction of the relevant Guarantor.

The guarantee is also capped in respect of any Belgian Guarantors (of which, at the date of the Facility Agreement, there were none).

The sums due under the Facility Agreement are secured by way of an all asset security package, consisting of:

- (i) a first ranking English law governed debenture granted by the Obligors situated in England and Wales being:
 - (a) the Company;
 - (b) DKH Retail Limited;
 - (c) C-Retail Limited; and
 - (d) SuperGroup Internet Limited.
- (ii) a Belgian law governed inventory pledge and collateral access agreement, granted by DKH Retail Limited;
- (iii) a German law governed account pledge agreement, granted by DKH Retail Limited;
- (iv) a pledge and security agreement governed by the laws of the state of New York securing certain property and assets situated in the USA, granted by:
 - (a) Superdry Retail LLC;
 - (b) Superdry Wholesale LLC;
 - (c) Supergroup USA inc.;
 - (d) DHK Retail Limited; and
 - (e) the Company.

8.1.5.6 *Financial covenants*

Whilst there is a Headroom Block, the Company is required to ensure that available cash is credited to the accounts of the Obligors (other than any receivables collection account) at all times in an amount greater than £1,000,000.

Once the Headroom Block has been removed, there is a requirement to ensure that the combined amount by which the total availability under the Facility exceeds: (i) the amount of the drawn loans; plus (ii) available cash in the bank accounts designated as collection accounts for the purposes of the Facility Agreement, is greater than £7,500,000 (the “**Financial Covenant**”).

If the Financial Covenant is at any time not satisfied, the Company may procure the payment of cash into a collection account in an amount which is adequate to cure the breach (“**Equity Cure**”). The right to make an Equity Cure can be exercised by the Company no more than a total of 6 times during the term of the Facility.

8.1.5.7 *Operational covenants*

In addition to the Financial Covenant, the Facility Agreement contains certain operational covenants (the “**Operational Covenants**”). The Operational Covenants include the following of which are tested on the final day of each calendar month (the “**Test Date**”):

- (i) for each UK receivables Borrower (i.e. DKH Retail Limited or any other company designated as such in accordance with the Facility Agreement):
 - (a) its debt turn (i.e., the length of time for debts to be paid, calculated by the Agent on the basis of day sales outstanding (the “**Debt Turn**”)) when measured on a rolling 3-month basis shall not exceed 110 days, and
 - (b) its dilution rate (being the aggregate value of all credit notes, debit notes, discounts, write-off, deductions, retentions, rebates, sets-offs or other adjustment (the “**Dilution Rate**”)) for the preceding 3 months is no more than 7% of the aggregate value of sales for the preceding 3 months.
- (ii) for each US receivables Borrower (i.e., Superdry Wholesale LLC or any other company designated as such in accordance with the Facility Agreement):
 - (a) its Debt Turn (when measured on a rolling 6 - month basis) shall not exceed 225 days up until 31 March 2023, shall not exceed 175 days up until 30 June 2023 and, from any date thereafter, it shall not exceed 120 days; and
 - (b) its Dilution Rate for the preceding 6 months is no more than 10% of the aggregate value of sales for the preceding 6 months.

On each Test Date in July, August, September, October, November or December, the aggregate stock turn (i.e. in respect of any month, the rolling three-month average of the aggregate cost of sales made by group companies in that month and the previous eleven months multiplied by 365, divided by the value of all stock as at the end of that month, net of provisions but plus any adjustments the Agent may require (the “**Stock Turn**”)) shall not exceed 250 days. The Stock Turn on each Test Date in January, February, March, April, May or June shall not exceed 210 days.

A breach of an Operational Covenant shall not constitute an event of default under the Facility Agreement. However, if an Obligor is not in compliance with any Operational Covenant, the Agent may:

- (i) establish additional reserves, which is the amount established by the Agent as necessary for the payment of certain costs and expenses of the Obligors, which is then deducted from the amount available for drawing under the Facility; and
- (ii) request that an appraisal of its stock is provided to the Agent by an approved appraiser at the Company’s cost.

The Facility Agreement also contains certain other customary general representations, warranties and undertakings including (but not limited to) compliance with laws, maintenance of requisite authorisations, limitations on

disposal of assets and imposition of customary restrictions on, amongst other things, mergers, acquisitions, incurrence of financial indebtedness, intra-group arrangements, loans out and grant of security.

8.1.5.8 *Events of default*

The Facility Agreement contains customary events of default including non-payments of amounts due pursuant to the Facility Agreement and related finance documents, insolvency, cross default, misrepresentation, material adverse change and change of ownership.

8.1.6 **Bantry Bay Additional Liquidity Letter**

8.1.6.1 The Company is party to an additional liquidity letter with the Agent (for itself and each of the Finance Parties dated 24 April 2023 (as subsequently amended) (the “**Bantry Bay Additional Liquidity Letter**”).

8.1.6.2 Pursuant to the Bantry Bay Additional Liquidity Letter, the following amendments are made to the Facilities Agreement:

- (i) the Headroom Block is removed;
- (ii) the Facility limit is reduced to the lesser of:
 - (a) £53,000,000; and
 - (b) the total availability under the Facility plus £10,000,000.

8.1.6.3 The amendments are temporary and expire on the earlier of:

- (i) Closing; and
- (ii) 21 June 2023,

and also ceases to be effective if (among other things) the Sale Agreement does not proceed to Closing and is terminated in accordance with its terms.

NOTES

- 1 Only those Shareholders registered on the register of members of the Company as at 6.30 p.m. on 25 May 2023 (or, in the event of any adjournment, on the date which is two days before the time of the reconvened meeting) shall be entitled to attend or vote at the General Meeting in respect of the number of ordinary shares registered in their name at that time. Changes to entries on the register of members after that time will be disregarded in determining the right of any person to attend or vote at the General Meeting.
- 2 Every shareholder entitled to attend and vote at the General Meeting is entitled to appoint a proxy to attend and, on a poll, to vote instead of that Shareholder.
- 3 A proxy may be appointed by any one of the following methods:
 - (i) completing and returning the enclosed Form of Proxy;
 - (ii) electronic proxy appointment by logging on to Registrars' website, www.eproxyappointment.com. Shareholders will need their Control Number, PIN and Shareholder Reference Number printed on the face of the accompanying form of proxy. Full details of the procedure are given on the website.
 - (iii) if you are a member of CREST, by using the CREST electronic appointment service.
- 4 **IMPORTANT:** in any case, your instruction or Form of Proxy must be received by the Company's Registrars no later than 10.00 a.m. on 25 May 2023.
- 5 CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual, which can be viewed at www.euroclear.com. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
- 6 So that a CREST proxy appointment or instruction to a proxy can be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in compliance with Euroclear UK & International's specifications and must contain the necessary information, described in the CREST Manual. The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so that Computershare Investor Services PLC (issuer's agent ID 3RA50) receives it by not later than 10.00 a.m. on 25 May 2023. The time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which Computershare Investor Services PLC is able to retrieve the message by enquiry to CREST in the manner required by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.
- 7 CREST members and, where applicable, their CREST sponsors, or voting service providers, should note that Euroclear does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member, or sponsored member, or has appointed a voting service provider, to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
- 8 The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

- 9 The return of a completed proxy form, other such instrument, or any CREST Proxy Instruction will not prevent a Shareholder attending the General Meeting and voting in person if he/she wishes to do so.
- 10 If the proxy is being appointed in relation to part of your holding only, enter the number of shares over which they are authorised to act as your proxy in the box next to the proxy's name. If this box is left blank, they will be authorised in respect of your full voting entitlement.
- 11 To appoint more than one proxy, you should obtain additional Forms of Proxy from the company's registrar, Computershare, or you may photocopy the Form of Proxy enclosed with this notice. Please ensure you specify the number of shares over which each proxy can act, as in the note above. Multiple Forms of Proxy should be returned together in the same envelope.
- 12 Any person to whom this notice is sent who is a person nominated under section 146 of the Companies Act to enjoy information rights (a "**Nominated Person**") may, under an agreement between him/her and the Shareholder by whom he/she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the General Meeting. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he/she may, under any such agreement, have a right to give instructions to the Shareholder as to the exercise of voting rights.
- 13 The statement of the rights of Shareholders in relation to the appointment of proxies in paragraphs 1 and 2 above does not apply to Nominated Persons. The rights described in these paragraphs can only be exercised by shareholders of the Company.
- 14 As at 11 May 2023 (being the last practical date prior to the publication of this Notice), the Company's issued share capital consists of 97,901,937 ordinary shares of £0.05 each, carrying one vote each. Therefore, the total number of voting rights in the Company as at 11 May 2023 is 97,901,937.
- 15 Pursuant to section 319A of the Companies Act, the Company must cause to be answered at the General Meeting any question relating to the business being dealt with at the General Meeting which is put by a member attending the meeting, except in certain circumstances, including if it is undesirable in the interests of the Company or the good order of the meeting that the question be answered, or if to do so would involve the disclosure of confidential information.
- 16 In accordance with section 311A of the Companies Act, the contents of this notice of meeting, details of the total number of shares in respect of which members are entitled to exercise voting rights at the General Meeting and, if applicable, any members' statements, members' resolutions or members' matters of business received by the Company after the date of this notice will be available on the Company's website <https://corporate.superdry.com/investors/>.
- 17 You may not use any electronic address provided either in this Notice or any related documents (including the Form of Proxy) to communicate with the Company for any purposes other than those expressly stated.

Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same share.
